Non-traditional No More:
Policy Solutions for Adult Learners
Arkansas’ WICHE-facilitated Meeting

They’re Here...Now What?: Strategies to Improve the Persistence and Success Rates of Non-traditional Students

The Elegant Solution
Dr. LeRoy Walser

For every problem there are many solutions, one of which may be elegant. An elegant solution must:

1. Truly solve the problem you have identified and defined;

2. Improve product or service results;

3. Reduce or at least not increase cost;

4. Increase ability to measure, assess, and test;

5. Improve capacity to meet customer needs and requirements.

Prepared by F. LeRoy Walser, Ed.D., with credits to Frank Caplan for the initial idea.
